CANALICCHIO DI SOPRA®

ROSSO DI MONTALCINO

2014

Robert Parker
WINE ADVOCATE

89/100

Canalicchio di Sopra completes three rounds of bottling for this wine (in October, January and March). I tasted samples of the 2014 Rosso di Montalcino from both the first two rounds. This vintage saw a big Rosso di Montalcino production, as much of the fruit that may have been selected for the Brunello was put here instead. The wine is really very good and should offer great value for those looking for a delicious taste of Sangiovese in this difficult vintage. It is thick, bright and loaded with cherry and blueberry flavors. Considering the many challenges of the growing season, this estate has created a wonderfully fresh and forthcoming red wine.
