

CANALICCHIO DI SOPRA®

ROSSO DI MONTALCINO

2023

WINE ALIGN

93/100

Not a Rosso vintage because of the Perenospera challenge but those who made any quantity did so as a choice to abide by always producing Rosso. As here and never taken for granted but instead with great focus and precision. Like finding a friend and sharing a bottle, here Rosso is joyous and comforting, there for a good laugh, full of energy. Pour for those who love Montalcino and they will feel like Brunello in their glass. Pour for others who do not know or understand sangiovese and they will never go back. Drink 2026-2025.
